

NEW FEATURES OFFERED IN SAVINGS PLAN

DECLARATION OF INDEPENDENCE JULY 4, 1776... 1953

To many of us, it is just the Fourth of July—another holiday. It's been around a long time—177 years; we incline to take for granted that it will always be around.

But it will not be if we forget, in the Pursuit of Happiness, that Liberty has a price—and that is eternal vigilance. The enemies of freedom hope that we will get so soft and bemused that we will forget, and fail to be vigilant, both at home and abroad.

The enslaved millions behind the Iron Curtain, who look to us as their only hope of salvation, should be a warning and a challenge to us this Independence Day. They have learned their bitter lesson, the hard way. We can lose our liberty—the soft way.

'Security Is Everybody's Business,' Word Of Air Secretary To All Workers Of U. S.

"Security Is Everybody's Business."

That is the message of Harold E. Talbott, Secretary of the Air Force, to employees in all industrial plants in the nation connected with defense work as well as to members of the nation's military organizations. Security-conscious Y-12ers are well versed in the necessity of observing prescribed rules and regulations for the protection not only of plant operations but of the nation.

However, with the world in its present state of unrest, it would be well for all Y-12ers and other Americans to carefully check their security habits on Independence Day, Saturday, July 4, the greatest holiday in American history. Let no American forget the significance of this day when the nation formally declared its independence—and the increasing need for observance of every precept that will keep it that way.

Here is what Secretary Talbott has to say about security:

"American production defends the free world. The largest obstacle to the Communists' plan for world conquest is our ability to

turn out material and equipment. Power Plants Are Vital

"There are thousands of factories and plants which are vital to our defense program although they are not making arms and ammunition. An electric power plant or a city water system may not have a defense contract, but put them out of business and you cripple 10 or 100 defense plants which depend on it.

"An idle plant is a dead plant. A plant dead for lack of power or water is just as dead as one bombed dead. So is one dead from sabotage. In event of a 'hot war,' sabotage might cripple our industrial empire. If trains and planes were stalled for lack of fuel, or if our communications system

Savings Plan Checks Distribution Set For Thursday, July 2, In Y-12

Checks Will Go Out To Eligible Employees At Regular Pay Points; Must Be Taken To Bank

Savings Plan checks for Y-12 and other Carbide employees in the Oak Ridge facilities will be distributed on Thursday, July 2, at the regular pay points. The checks will represent the savings of Y-12ers participating in the Union Carbide and Carbon Corporation Seventh Savings Plan over a period of two years, plus Corporation contributions and interest.

Swim Party Set For Y-12 Folks Next Thursday

The first Y-12 Swim Party of the summer will be held at 8 o'clock next Thursday night, July 9, at the Oak Ridge Swimming Pool, according to plans announced last week by the Y-12 Recreation Office. These parties have proven popular during past summers and the initial offering of the 1953 warm weather season is expected to live up to past accomplishments in giving Y-12ers and members of their families a chance to swim, splash and otherwise enjoy themselves in the spacious Ridge tank. Admittance Absolutely Free

Admittance to the Swimming Party next week will, of course, be absolutely free—the only credentials necessary being a Y-12 badge by an adult member of a family. The affair is for all members of every Y-12 family—with the folks particularly being urged to bring their youngsters along.

To spur interest in the event, games and contests will be staged and prizes awarded winners.

For the convenience and protection of everyone attending the Swimming Party life guards will be on duty throughout the affair. Dressing room attendants also will be present for those patronizing those facilities.

In case of bad weather as much advance notice as possible will be given of any postponement required and a new date assigned for the party.

The UCC Seventh Savings Plan checks must be taken to a bank for cashing or deposit, as neither the Y-12 Cashier's Office nor the Y-12 Check Cashing Facility will be able to cash them.

Carbide employees in Y-12, K-25 and the Oak Ridge National Laboratory will receive checks totaling \$6,364,568 tomorrow. Of this amount, Carbide employees in the three Oak Ridge units saved \$4,935,363. The Corporation added \$1,429,205. A total of 9,802 Carbide employees in Oak Ridge received checks.

More than 90 per cent of Y-12ers eligible to participate in the UCC Seventh Savings Plan by virtue of more than one year of Company service at time of enrollment took advantage of the opportunity to do so. Enrollment in the Savings Plan permitted employees to make deposits through payroll deductions up to \$7 per week or \$30 per month. To the employees' deposits the Corporation adds from 10 to 30 per cent, depending on length of Company service, plus interest of two per cent per year on both amounts.

Two Alternatives Are Presented For Consideration

Enrollment Voluntary; Literature And Cards Now Being Distributed

Y-12ers and other Carbide employees are being offered a new Union Carbide and Carbon Corporation Savings Plan beginning July 1 that retains all of the advantages of the Seventh Savings Plan, just concluded, and has several new features appealing to the thrifty. The new features include a long range investment program called a Personal Savings Account and other attributes that will be of interest to all Carbide employees.

Consideration Urged

Literature describing the new UCC Savings Plan with application and payroll deduction authorization cards now are being distributed to eligible Y-12ers. As Carbide employees are offered a choice of two courses in the new Savings Plan, every Y-12er is urged to carefully read the descriptive literature before making a final choice so that the plan may be used to the best advantage.

Participation in the new Savings Plan is entirely voluntary on the part of all employees. Employees with one or more years of service are eligible to participate in the General Savings Fund, the feature of the new plan that is similar to the Seventh Savings Plan. However, to enroll in the Personal Savings Account, employees must have three or more years of Company service.

Features Cited

Here are the major features of the new UCC Savings Plan:

1. Participation in the Plan is limited to seven and one-half per cent of the employee's

Y-12er's Son Attends Student Council Meet

Raymond L. Williams, son of Eugene M. Williams, of the Y-12 Chemical Department, has returned home after attending the four-day National Conference of Student Councils in Portland, Ore. He is the fifth son of a Y-12er recently honored for outstanding scholastic and personal characteristics during the past few weeks by being selected to represent the city and the Oak Ridge High School in state and national circles.

Young Williams was selected by the high school faculty as one of two Oak Ridge youths to attend the Portland meeting. The other was William Greer. The two youths and Miss Margaret Barnes, high school guidance counselor, made the trip to Portland by automobile. Tennessee sent five delegates to the conference, two being from Nashville and the other from Memphis. Approximately 450 youngsters from every state in the union attended the meetings on June 14, 15, 16 and 17.

The other sons of Y-12 employees recently selected for honors were Billy Ray German, son of C. C. German, Maintenance Shops; Howard N. Moon, Jr., whose father is in Uranium Processing; and Richard A. Bowman, son of Carl Bowman, of Research Services; all of whom were delegates to the American Legion's Boys State in Lebanon, Tenn.; and Billy Don Lanter, son of Roy E. Lanter, Electrical Maintenance, chosen by the Tennessee Elks Lodge as the state's outstanding youth leader.

The following Y-12 employees were patients in the Oak Ridge Hospital last week: Roscoe B. Carter and Ralph Pickett, Maintenance Shops; Tyrus C. Land, Buildings and Grounds; George W. Boggs, Guard; Everett Richardson, Superintendents; Lyman C. Hale, Uranium Processing; Jimmie Lee Martin, Bertha Craig and Lucille Simpson, Janitors.

Fireworks Show And Concert By Band Set For Saturday

A 90-minute fireworks show and a concert by the Oak Ridge Municipal Band will be presented Oak Ridgers at 8:30 o'clock Saturday night, July 4, at Blankenship Field. The show is being sponsored by the B'nai Brith Lodge and Mendel Maskewitz, of the Y-12 Electrical Maintenance Department, is chairman of a committee in charge of the event.

Congratulations to—
Houston L. Pace, Property Sales, who became father of a girl born June 21 at the Oak Ridge Hospital.

The Y-12 Ol' Timer, that ambidextrous highball hoister from 'way back, 'lows as how the Community Playhouse is bilking the customers in their current melodrama presentation. He complains that the show folks are trying to crowd 10 nights in a bar room into nine, three acts only, yet, giving the weak and puny one-bottle drinkers too much time between drinks and not providing a true test to separate the men from the boys that the 10 nights hand running would offer.

Whoops—wash going on here, nohow? Let's find out.

"Happy" West, of Health Physics, has returned from a week's vacation in Miami, Fla. . . . Mary Stooksbury and her husband are spending two weeks down in Florida . . . Ed Pfisterer is vacationing at home in Oak Ridge in order to help his wife entertain her folks who are visiting them this week . . . Mary Brown is planning a trip to Atlanta, Ga., while off this week . . . Congratulations are extended to Bob Parton, who is the proud papa of a baby boy born June 21, in a Harriman hospital . . . Also congratulations are in order for Clay Smith, at the birth of a baby son June 23, in Rockwood.

Norma Harter, of Personnel, and her folks are spending two weeks in Miami.

Betty Sue Davis, of SDA Development, is vacationing this week with her folks in Belmont, Miss. . . . Congratulations are extended to John W. Morfitt, at the birth of a baby girl born June 23, in the Oak Ridge Hospital.

M. J. Fortenberry, of ADP Development, is vacationing in Michigan this week . . . A. J. Holmes and his wife are on a two-week tour of the North. They plan to visit New York City, Boston, Mass., and go up into Canada.

Property Sales extends congratulations to Len Pace on the birth of a baby daughter on June 21 at the Oak Ridge Hospital weighing 10 pounds and two ounces . . . Billie Marie Rather visited her G. I. husband in Baltimore, Md., over a recent week end . . . The department welcomes Evelyn Harmon back to the roster.

R. A. Angel, of Property, is vacationing this week at home in Oakdale . . . H. I. Esty is spending his week at home in Oak Ridge.

Receiving and Shipping welcomes Pat Keener to the roster . . . E. L. Bailey is spending his two-week vacation around home in LaFollette.

Viola Miller, of Technical Records, vacationed last week at home in Knoxville.

Charley E. Kirkwood, one of our Air Force boys, was in town recently. He was on leave from Alexandria, La. Jack Garland, of Stores, and his family, were among the many Oak Ridgers Charley visited while here. Charley was to report for duty in Alaska after his leave. This Charley is the getting-around boy Uncle Sam has, having been stationed in at least half a dozen or more fields since joining up.

The Stores Department extends get-well wishes to Eva Gilliland, who is ill . . . A. N. Potter is spending the first week of his vacation at home in Knoxville, then he and his wife, Ethel, are making a trip to Niagara Falls, N. Y.

The Tool Department wishes a speedy recovery for Warren Bass, who is a patient in the Baptist Hospital in Knoxville.

The best of luck goes to Mary Jo Fox, of Research Services, who terminated last week to enter the Knoxville Business College. Before entering school, however, Mary and her husband, Earl, are taking a week's vacation. They plan to make several short jaunts in this section including the Smokies, Norris, Sweetwater and Greeneville. We hope to see Mary Jo

back in Y-12 after her six weeks of schooling . . . Vacationers from the department are Ed Pollard, Erven Ross, Don Hill, George DeLozier, Elmer Killion, J. C. McBrayer and Clifford Russell.

Electrical Maintenance welcomes G. T. Wellborn to the roster. . . . Alonzo Mills visited relatives in Indiana and in Ohio while vacationing recently . . . R. H. Bacon and his wife spent last week visiting in upper East Tennessee . . . W. H. Dail has returned from a week of vacation.

The Insurance and Housing Department welcomes Evelyn Pharris and Rosemary Langsjoen to the roster.

The Assay Laboratory welcomes Charlene Campbell . . . The best of luck is extended to Don Smithers, who is up for induction into the Army.

Wage Standards welcomes Vivian Normand to the roster. Vivian is no stranger in Y-12—she worked here during summers while going to college; and is the daughter of T. A. McKenzie, former Superintendent of Plant Protection in Y-12. Congratulations are in order for Vivian on her recent marriage to Charles E. Normand, Jr., son of Dr. C. E. Normand, of Isotope Research.

The Analytical Laboratory extends sympathy to "Red" Miracle on the recent death of a brother-in-law . . . A speedy recovery is wished for W. H. Moehl, who is off ill.

John F. Colbert, of Buildings and Grounds, and his family are vacationing in Florida . . . Other two-week vacationers are W. Rogers, H. Y. Voiles, S. V. Evans, W. C. Williams, Webster Hughes, A. R. Palmer, C. D. Woods and H. C. Castleberry . . . Those on vacation this week are J. W. Emch, O. B. Harness, Joe Mitchell and C. S. Rhyne.

The Guard Department extends get-well wishes to M. N. Wilkerson, A. T. Barger and G. W. Boggs, who are all on the ailing list . . . H. Finley, A. L. Rosenbalm, J. V. Ledbetter, W. R. Proffitt, J. F. Price, R. G. Carver, and J. E. Morgan were on vacation last week. . . . C. S. Scarbrough, and P. Surber are vacationing two weeks . . . The department had a post card from Capt. D. C. Shults, saying he and his wife were having a fine time in Daytona—swimming and getting blistered.

John Martinez, of the Steam Plant, is in Florida for two weeks of vacation . . . Leander Sharp is spending his week at home in Lake City . . . I. J. Maples is off this week under the shade trees at home in Clinton . . . R. F. Farmer has returned from a week of vacation in Akron, Ohio.

Gentry L. Underwood, Superintendent of Plant Protection, is on a two-week vacation. He flew down to Jackson, Miss., to meet his family, who have been visiting with his folks in Terry, Miss. They are going on down to Ft. Walton, Fla., for the remainder of the vacation.

Nita Pitt, of Security, had her mother, Mrs. Elizabeth Reed, from New Jersey, visiting her this week.

Alice Mattingly, of Medical, spent last week's vacation in Miami, Fla. . . . Penny Keene and her husband, Oliver, of Property, spent a recent week end in Tuscaloosa, Ala. . . . Cordia Bledsoe spent last week at her home in Loudon. . . . The department welcomes Fern Howe back to the roster.

Bob Devenish, of Safety and his family, vacationed in Texas last week.

Joanne Rowan, of Planning and Estimating, returned to work last week with a good sun tan—she got it at Daytona Beach, where she spent her vacation . . . Helen Sisson is planning to spend her week of vacation in the Smokies.

Continued on Page 4

WILLIAM J. PRIESTLEY, VICE PRESIDENT OF UNION Carbide and Carbon Corporation, left, is shown receiving the highest award of the Lehigh University Alumni Association from H. Randolph Maddox, President of the association. Maddox is President of the Chesapeake and Potomac Telephone Co. The presentation was made June 5 and was reported in The Bulletin last week.

LINDSAY—PATTY

Miss Pearl Vowell Patty, of the Y-12 Manufacturing Office Division; and Samuel West Lindsay, of Maintenance Shops; were married at 2 o'clock Saturday afternoon, June 6. The ceremony was performed at the home of the Rev. D. W. Lindsay, brother of the groom, in Inskip.

The bride is the daughter of the Rev. and Mrs. G. D. Vowell, of Lake City. Mother of the groom is Mrs. Manda Lindsay, also of Lake City.

At her wedding the bride wore a sheer nylon dress of light blue with white accessories. Her flowers were white gardenias.

The couple is living in Lake City.

10 Years Service

Eight Y-12ers will complete 10 years of Company service during the first few days in July. The employees, departments and anniversary dates are—

Lee Bagwell, Safety, July 1.
Charles C. Evans, Guard, July 1.
Alvin K. Bissell, Uranium Control and Computing, July 1.
Ralph L. Stanfill, Alloy, July 5.
James H. Campbell, Electrical Maintenance, July 5.
Pauline T. Webb, Product Processing, July 5.
Mona B. Myers, Product Processing, July 5.
Vera R. Dinkins, Product Processing, July 5.

Y-12 Man's Wife Elected Carbide Wives Treasurer

A wife of a Y-12er, Mrs. W. B. Tyree, whose husband works in Maintenance Shops, has been elected treasurer of the Carbide Wives by members of the executive board. Other officers elected were Mrs. W. J. Muenzer, president; and Mrs. J. E. Porter, secretary. Their husbands are K-25 employees.

Mrs. Tyree was recently elected a member of the board along with Mesdames M. L. Angel, Jr., A. E. Bittner, N. H. Hurd and J. E. Porter. Other members of the board include Mesdames J. E. Barton, whose husband is in the Y-12 Uranium Processing Department; L. F. Koontz, whose husband is in Y-12 Engineering; J. E. Longendorfer, George Ritscher and W. J. Muenzer.

Some Changes Made In Y-12 Payoff Times

Some slight changes have been made in the schedule for distribution of pay checks for Y-12 employees. The principal change is for the North and West Portal pay points and all employees are urged to take note of the new schedule.

For weekly and hourly salaried employees checks will be delivered as follows:

All regular pay portals, 6:30 a.m. to 8 a.m.

East Portal, 2:15 p.m. to 4 p.m.

North and West Portals, 2:15 p.m. to 3:30 p.m.

Checks not delivered at the portals will be available at the Paymaster's Office, Bldg. 9704-2, on pay days during the following hours:

North and West Portal checks, 8:15 a.m. to 2 p.m. and 3:45 p.m. to 4:30 p.m.

East Portal checks, 4:15 p.m. to 4:30 p.m.

Undelivered pay checks will be distributed from 6:45 a.m. to 4:30 p.m. on Saturdays and from 8 a.m. to 4:30 p.m. on other work days, except regular pay days.

Monthly salaried employees will receive their pay checks on the monthly pay day at all regular pay portals from 6:30 a.m. to 8 a.m. and 2:15 p.m. to 3:30 p.m. When the monthly pay day falls on a Friday, the schedule for weekly and hourly salaried employees will be followed.

Physics And Shielding Body To Hear Knowles Speaker

R. Erlich, of the Knowles Atomic Power Laboratory, Schenectady, N. Y., will speak at a meeting of the Reactor Physics and Shielding Seminar set for 8:30 o'clock this morning, Wednesday, July 1. The meeting will be held at Bldg. 4500, Oak Ridge National Laboratory and interested Y-12ers are invited to attend. The speaker's topic will be "KAPL Calculations On Intermediate And Fast Reactors."

Folk Dance Club To Rest Until Meeting September 4

The Folk Dance Club of Oak Ridge, of which Matthew Wisnowski, of the Y-12 Engineering Department is leader, will resume sessions on September 4 after a summer vacation. Wisnowski announced last week. The final program of the club was given last Friday at Elm Grove School. A considerable number of Y-12ers are members of the group.

CARDS COP KNOX MEET; FOUR ARE 'ALL-STARS'

"BUZZ" AND ANN STRUNK, above, one of Y-12's most enthusiastic man and wife angling teams, each took a first prize in the recent Y-12 Fishing Rodeo. This picture was made on another fishing trip by the couple at Eagle Lodge on Watts Bar Lake.

Huitting Wins Four Prizes In Rodeo; 170 Vie For Honors

L. O. Huitting, of Product Processing, paced the winners in the Second Y-12 Fishing Rodeo of the season with three first prizes and one second as the judges rated the entries in the event last week. The rodeo drew a record number of 170 entries with all entry money being distributed to the prize winners for purchase of fishing equipment.

The next fishing rodeo for Y-12 anglers, which has proven popular with the plant's many fishermen, will be held some time early in the autumn, the Recreation Office announced last week. Dates will be set later.

A feature of the event was the capture of two first prizes by a husband and wife team. B. N. "Buzz" Strunk, of the Tool Department, took first place in the striped bass division with a two and a half pound catch. His wife, Ann, of Health Physics, pulled in a 12-ounce bream for tops in that bracket.

Besides Huitting, only two Y-12 anglers got more than one prize. H. L. Pace, Property Sales, had a nine-ounce bream for second and his three-pound, one-ounce walleye pike took third awards. Elmer Green, Buildings and Grounds, bagged a second place with a two-pound, 13-ounce smallmouth bass and third with an eight-ounce bream.

No Crappie Are Entered

Although no particularly large fish were pulled in during the rodeo, all winning entries were of fairly satisfactory size and provided their captors a lot of fun. Fish were entered in all classifications except crappie.

The complete list of prize winners follows:

Largemouth bass—T. E. McCarroll, Maintenance Shops, four and a quarter pounds, first; L. O. Huitting, Product Processing, three pounds, eight ounces, second; N. Wise, Maintenance Shops, two pounds, five ounces, third.

Smallmouth bass—L. O. Huitting, Product Processing, three pounds, eight ounces, first; E. E. Green, Buildings and Grounds, two pounds, 13 ounces, second; H. Meadows, Maintenance Shops, two and a half pounds, third.

Striped bass—B. N. Strunk, Tools, two and a half pounds, first; H. M. Raper, Jr., Transportation, two pounds, three ounces, second; Bill Davis, Security, two pounds, third.

Walleye pike—L. O. Huitting, Product Processing, six pounds, 15½ ounces, first; M. L. Sweet, Alloy Division, five pounds, five ounces, second; H. L. Pace, three pounds, one ounce, third.

Sougar pike—G. W. Smith, Transportation, one and a quarter pounds, first. No other entries.

Bream—Ann Strunk, Health Physics, 12 ounces, first; H. L. Pace, Property Sales, nine ounces, second; E. E. Green, Buildings and Grounds, eight ounces, third.

Trout—L. O. Huitting, Product Processing, 11 ounces, first. No other entries.

Plant Leaguers In Final Round

49ers Lose First Tilt, Colts Cop Initial Game

Softball action in the Y-12 Plant League was limited last week with only a few rained out contests being staged. The second half of the season was slated to get underway on Monday night of this week.

Starting tonight Wednesday, July 1, the games for the remainder of the season will be played at Pinewood field.

Colts Rally For Victory

The fighting Colts under Manager B. B. Coulter came through with their first victory of the year by spanking Maintenance 11 to 10 as Gardner and Hoppe slammed home runs for the winners. Maintenance jumped off to a two run lead but the Colts fought back and overcame the lead in the fifth inning. Jones, Maintenance shortstop, hammered out three hits for the losers.

The Uranium Control Junior Varsity handed the 49ers their first loss of the year by a score of 5 to 4. Edgar Hopper pitched a masterful game for the UCJV outfit holding the hard hitting 49ers to five hits. Bailey led the winners at the plate with three hits and Wylie banged out two safeties for the losers.

Record Score Is Posted

The Peons outlasted the Engineers 32 to 17 in the other contest of the week. This was a free hitting game with everyone concerned getting in on the hitting feast for the season's scoring mark.

Rain washed out the postponed game between Maintenance and the 49ers. This game will be made up during the second half. Although the 49ers had a two game lead at the end of the first half, this contest must be played to give them a sure claim to the title. The Peons also have one more postponed game to be played if the 49ers happen to slip up in their scrap with Maintenance, so giving the Peons a mathematical chance at the first half crown.

The schedule starting Wednesday, July 1 follows:

Wednesday, July 1—6:15 p.m., 49ers vs UCJV. 7:45 p.m., Maintenance vs Engineers.

Thursday, July 2—6:15 p.m., Peons vs ADP. 7:45 p.m., Plant Protection vs Colts.

Monday, July 6—6:15 p.m., Plant Protection vs ADP. 7:45 p.m., 49ers vs Engineers.

Tuesday, July 7—6:15 p.m., Maintenance vs Peons. 7:45 p.m., UCJV vs Colts.

Wednesday, July 8—6:15 p.m., Plant Protection vs 49ers. 7:45 p.m., ADP vs Engineers.

Thursday, July 9—6:15 p.m., Colts vs Peons. 7:45 p.m., UCJV vs Maintenance.

Line scores of games last week follows:

Team	R	H	E
UCJV	030	001	1-5 8 4
49ers	002	100	1-4 5 3
Hopper and Hopkins. Sise and Marlar.			
Maintenance	202	015	0-10 11 1
Colts	000	353	x-11 11 3
Schierbaum and Horn. Burnett and Hilliard.			
Peons	655	169	x-32 23 1
Engineers	002	1122	x-17 8 5
Tiller and Pletz. Thomas and Gossie.			

League standing as of last Friday.

Team	W	L
49ers	11	1
Peons	9	3
Engineers	6	5
UCJV	6	5
Plant Protection	6	6
ADP	5	7
Maintenance	2	9
Colts	1	10

Pedestrians should start across a street only if they have time to get across before the traffic signal changes or approaching vehicles can reach them.

Y-12 SPORTS

Golf Tournament For Y-12 Players Set For Saturday

An Independence Day golf tournament, offering numerous and sundry classes of competition for Y-12 divot diggers, will be staged Saturday, July 4, at the Oak Ridge Golf and Country Club. Entry blanks may be obtained at the Recreation Office, North Portal, or from captains of teams in the Y-12 Plant Golf League. An entry fee of \$1 will be charged each player and all entries must be turned in to the Recreation Office by 2 o'clock Friday afternoon, July 3. Entry fees must accompany the entries.

The entry blanks for the tournament have been designed for four-some play, but individual entries will be accepted and players assigned to foursomes if they desire. Players are asked to designate desired starting times.

Handsome prizes, including umbrellas, club head covers, shag bags, shirts, caps and golf balls will be awarded winners in the various classifications. They will be given the scratch and handicap low medal scorers, also a blind bogey winner, for any hole in one scored during the day and for an entry prize, to be drawn for by the contestants.

Play will be over the 18-hole route. A committee of Y-12 golfers composed of Art Hines, Jay Holtz-knecht and C. E. Harris made plans for the tournament.

Huskisson Leading Hitter Of Cards

Big Gene Huskisson, hustling first baseman of the Y-12 Cardinals, led the team in hitting through the first half of the season of the Knox-Ridge Softball League and seven outside contests, a total of 18 tilts, according to team statistics. Gene had a lofty .366 mark, compiled from 22 safeties in 60 trips to the plate. Close behind were Jiggs Seivers, whose 16 blasts in 46 tries gave him .348; and Bobby Loy, who punched out 18 hits in 53 tries for .339.

Here are the averages for the rest of the club:

Player	ab	h	avg.
Wyrick	31	8	.258
Pearson	48	12	.250
Simmons	51	12	.235
Sherrod	40	9	.225
Perry	21	4	.190
Guy	33	6	.182
Montgomery	61	10	.164
Hale	16	2	.125
Wilburn	21	2	.095
Webber	11	1	.091
Lovell	3	2	.666
Martin	5	0	.000

The team average for 18 games was .235.

Rough Riders Play Chippers For Title

The Rough Riders team of the Y-12 Plant Golf League, which finished in fourth place during the first half of the season, turned in a 22 to 14 win over the second place Hooks in the league Shaughnessy Playoff last week. By virtue of the win the Rough Riders are scheduled to play the Chippers for the first half crown. The Chippers, third place team in the regular season, previously had eliminated the Rippers, first half champions. The title match must be played before July 4.

The Rough Riders best net score last week was a 33 by Harold Ratjen while Kennedy's 34 paced the Hooks.

Y-12ers Edge Athens By 4-2; Loy's Hurling Tops Tourney

Tight Defense, Clutch Hitting Triumphs; Robins Win Three In Row For Big Advance

As most Y-12 fans know by now, the Cardinals swept to the championship in the Knoxville Invitational Softball Tournament last week in Knoxville, squelching a stubborn bunch of Athens Indians by 4 to 2 in the finals last Saturday night. The Indians didn't subdue easy—they had to be scalped the hard way with some sparkling defensive play, a concentrated attack in one inning and an amazing relief pitching performance by Bobby Loy. Even before the final game, Loy had been picked as the tournament's most valuable player to his team, and his job of smothering a desperate Athens outfit by whiffing eight in three innings, five of them in a row and then the last two batters with two on and one out, just added to his stature.

Cards Score In Third

The Indians started out making things tough for starting pitcher Bill Wilburn right off the bat, but after taking all of their time in stopping opposition threats while going completely nothing for nothing in three innings the Cards broke out in the top of the fourth with enough runs to win the closely-contested game.

Kayo Montgomery beat out a high bouncer to third in starting off the big inning. Walt Sherrod blasted a double to center and Cards were on second and third. Huskisson grounded out unassisted to first and Loy was purposely passed to fill the bases. This maneuver backfired as Simmons singled to left to count the two runners. Bobby was worked around to third and scored on Pearson's single over short. That was enough, but Dick Wyrick added a welcome insurance run in the top of the seventh with a lazy fly homer over the right field fence.

Indians Peck On Wilburn

All through the first part of the game the Indians kept pecking away at Wilburn. They got three hits, two of the scratch variety, in the first inning and only a great throw by Loy, who started in right field, kept the Athens lads from scoring. Pete Wilson singled with one out, went to second on Creech's single off Montgomery's glove and then tried what seemed to be an easy trip over the plate on Adams' sharp single to right. He didn't count on Loy's arm, however, and was out by feet on a perfect strike to the plate.

The Indians broke through in their half of the fourth. Sherrod made a beautiful catch off Creech in center to start the round but Adams was hit by a pitched ball and he and Brown were safe on a fielder's choice. Ferguson then curved one behind the foul line in right for a ground rule double counting Creech. Wilburn really got into trouble in the next round as Burns scratched a hit off Wilburn's arm and finally scored on Hay's single. Loy and Wilburn swapped jobs at this point and the next two Athenians whiffed. Bob struck out the side in the fifth.

Indians Get Two Fouls

Loy passed a couple of Athens lads in the last of the seventh, Athens being the home team through a toss of a coin, but Bobby blazed his rise and curve balls past the final hitters. Only two foul balls were hit off him in his stay on the mound.

The Cards advanced to the tournament finals with a series of workmanlike performances that featured fine pitching, air-tight defensive play and the production of base blows when needed. After disposing of K-25 by 7 to 0 in the opener on a two-hitter by Morris Perry, the Big Red came back with a duplicate performance by Perry to blank Ashe Hosiery by 5 to 0.

Loy Fanned 14 Baptists

Then came the outstanding pitching performance of the season.

Cardinal Stars Get Honored In Tourney

Huskisson

Loy

Montgomery

Sherrod

Four Y-12 Cardinal players were selected on the all-tournament team last Saturday night, the pick of all being richly deserved. Bobby Loy, pitcher-outfielder-slugger, was voted most valuable player of the event and one of the three pitchers. Other Y-12ers chosen were Walt Sherrod, center field; Kayo Montgomery, second base; and Gene Huskisson, first base.

Robins, St. Louis Tilt Features Slates Of Y-12 Softballers

As the Y-12 varsity softball teams go into the final phases of their seasons, it is the women's team that will come up with the next big attraction for plant fans. The Robins will meet a strong touring feminine team from St. Louis, Mo., known as Joe Simpkins' Girls. The barnstormers claim the Midwestern women's championship. This attractive clash will be staged at 8:30 o'clock next Monday night, July 6, as the second part of a double header in which K-25 will meet the Gus Green team of Knoxville in a Knox-Ridge League game.

After meeting the Oak Ridge Amvets on Tuesday night of this week, the Cardinals go to Knoxville for a game at 7:30 p.m. Friday against the Bell Ave. Baptists. At 7:30 p.m. next Tuesday, July 7, the Cards will play Oak Ridge National Laboratory.

The Robins will travel over to Corryton for a game at 7:30 p.m. Friday night, July 3 and invade Knoxville on next Wednesday, July 8, to play Vestal.

Cross streets at intersections only—don't jaywalk.

normal straight-time average earnings with a maximum allowable deduction of \$83 per month.
2. As in the Seventh Savings Plan, the Company contributes 10, 20, or 30 per cent of the employee's payments, depending upon whether he has one, two or three or more years of Company Service Credit.
3. Subject to modification or termination by the Board of Directors, this Savings Plan is a continuous one and does not terminate periodically as have past Savings Plans.

IT TOOK A LOT OF WORK TO PREPARE NEARLY 50,000 Union Carbide and Carbon Corporation Seventh Savings Plan settlement checks for Oak Ridge and other Carbide employees. Above are shown employees in the Employee Records Department of UCC in New York preparing the checks. They are surrounded by payments checks already made out and bundled for mailing.

Cards Capture Knox Tourney

Continued from Page 3
son by Bobby Loy, who completely handcuffed the Bell Ave. Baptist outfit by hurling a no-hitter as his mates eked out a 2 to 0 victory. The hefty Y-12er, despite a bad ankle, was in top form and whiffed 14 Baptists. He got a shaky start with two walks in the first inning, but then snapped out of it to coast in. Errorless support by his mates also came in handy. The lone Y-12 tallies came in the third. Pearson led off with a single and after Guy whiffed, Webber was safe at first and Pearson at third on an error. K. O. Montgomery's single scored Pearson and Walt Sherrod doubled to send Webber across. Loy's no-hitter was the first by a Y-12er this season.

The big bats of the Cards spoke loudly against the Ashe team. Dick Wyrick blasted a homer with two mates aboard, Montgomery gathered a triple and single and Gene Huskisson doubled during the triumph. Perry whiffed six in this one and allowed four to stroll. Walt Sherrod contributed a pair of fine catches in the outfield to help Perry.

Robins Come Back Strong

After a wobbly slump for a few games, the Robins came back with a vengeance last week to score their three impressive triumphs and end the first half of the season of the Knox-Ridge women's division in a deadlock for second place with Corryton and Gus Green. The Y-12 lassies trimmed Green by 7 to 1, Vestal, first half winners, by 4 to 1 and ended up with a slaughter of Corryton by 22 to 8.

Juanita Pitt led the attack on the Gus Green girls with a single and triple. Helen Brown, Bonnie Roberts, Peggy Cowan and Ginnie Giles each had singles. Ella Mae Koontz allowed only five hits and fanned five. The Robins really flew high, wide and handsome over the Vestal outfit with Koontz giving up but four hits and again striking out six. The Robins got out in front and stayed there as Ruby O'Kain got a pair of singles, Peg Cowan tripled and Kay Presley and Ella Mae Koontz each contributed singles. The Corryton event was a wild one with the Y-

Attendance Record

Group absentee percentage was 2.7 per cent, .3 per cent higher than the preceding week.

The plant average for the week ending June 21 was 2.4 per cent, .1 per cent higher than the preceding week.

Varsity Golfers Beat KUB Outfit

The Y-12 varsity golf team turned in another impressive victory last week over the Knoxville Utilities Board team by 17 to 7 at the Oak Ridge Golf and Country Club. Art Hines was low man for Y-12, shooting a 75.

The next scheduled match for the varsity golfers will be with Rohm and Haas between June 29 and July 19.

12ers getting only 10 hits, but profiting by 12 walks and five errors. Velma Soard hurled for the Robins and walked nine in the first three innings trying to develop a new pitching style. However, she reverted to her former form and from then on out was invincible. Juanita Pitt got a homer in this one and O'Kain, Presley each tossed in three singles.

Line scores of Y-12 varsity games last week follow:

Ashe Hosiery	000 000 0	0	2	1
Cardinals	130 010 x	5	9	1
Johnson, Levey (5) and Loy.

Phillips and Ferguson.				

Plan Has Two Parts
The plan consists of two parts referred to as the General Savings Fund and a Personal Savings Account.
5. The first part—The General Savings Fund—is quite similar to the Seventh Savings Plan is that it is a short-term savings plan with a cash distribution of accumulated funds, including interest, every two years. Participation continues after each distribution without the necessity of re-enrollment.

6. The second part—a Personal Savings Account—is the entirely new long-range investment program. Participation in this part of the Plan is limited to employees with three or more years of Company Service Credit. This part, also continuous, provides for the purchase of Government Savings Bonds and/or capital stock of Union Carbide and Carbon Corporation. No periodic distribution of a Personal Savings Account is made, but, under certain conditions, a participating employee may arrange to make a partial or total withdrawal of his Personal Savings Account. If such withdrawal is made, a prescribed suspension period from both parts of the plan must be observed.

Injury To Rigger Breaks
Safety String At 34 Days
The Y-12 plant string of accident-free days was broken at 34 on June 23, when a rigger in Buildings and Grounds suffered a broken hand. The official report of the Safety Department on the lost time accident follows:
"An employee, a rigger, was working in the salvage yard, where a bulldozer was being used to level ground. The blade of the bulldozer was raised about 12 inches and the employee saw a steel toggle, about three inches in diameter and 15 inches long, lying beneath the raised blade. He stooped and grasped the toggle with his left hand to remove it and at that instant the bulldozer operator dropped the blade, catching the employee's left hand on the toggle, resulting in a compound fracture of the first three fingers and a simple fracture of the fourth finger of the left hand."

Older persons often move more slowly than traffic conditions allow for. Many cannot see or hear as well as they once did. Any extra consideration or courtesy shown them by drivers contribute to their safety.

The Manufacturing Offices welcome W. A. Moles to their roster . . . Alberta Kaiser is spending a week's vacation at home in Briceville.

Jim Thorpe, of Maintenance Shops, and his wife, Chris, have his mother, Mrs. Jane E. Thorpe, of Eugene, Ore., visiting in our fair city . . . G. L. Tate is staying around home in Briceville, Tenn., while on vacation this week . . . H. G. Richards is journeying down to Columbus, Miss., and on to Houston, Tex., during a two-week vacation . . . H. M. Jenkins spent last week's vacation taking life easy over at Powell . . . Those week end chartered bus trips to Panama City, Fla., are getting to be quite the thing with folks in the department and in Y-12 several of the fellows went down on June 19. Despite a blowout on the way they arrived in good time and went 78 miles out to sea in the Gulf Clipper. Reports have it that fishing was very good—Ed Cook and T. M. McGill each caught a 14-pound grouper, and Ed says he's going to have his mounted. The men saw several species of fish they had never seen before—they say lots of the men fed the fishes—and not with fish bait. A large quantity of fish were brought in but the mystery is how they caught them. (That's just like those kind of fishing parties—somebody always wants to fish.)

Bill Geldmeier, of the Alloy Division, traveled to his home town down Texas way to spend his week of vacation . . . Jim Lister spent last week loafing around home in Oak Ridge . . . D. P. Anderson is off to Cherokee, N. C., this week . . . J. P. Seagle and his family, along with Mr. and Mrs. H. E. Sills, of Knoxville, are making St. Petersburg, Fla., their headquarters this week—from there they plan to visit Miami, Sarasota and other points of interest in the state . . . R. L. Stanfill is enjoying fixing up his new home at Beaver Ridge on Solway Road while on vacation this week. . . The division extends a hearty welcome to R. K. Eager, who has returned to work after a long stay in the Oak Ridge Hospital.

Roy Byrd, of Engineering, journeyed up to Detroit, Mich., during his week of vacation . . . Joe Kidd attended a church conference in West Tennessee while vacationing last week . . . J. E. Bennett is soaking up the sun at Daytona Beach this week.

The Transportation Department extends sympathy to T. H. Burger, and the family, on the recent death of his father-in-law at Copperhill, Tenn.

Lillie Rogers, of the Laundry, is spending a week's vacation in Chattanooga . . . A speedy recovery is wished for C. A. McAlister's father, who is seriously ill in Chattanooga.

Field Maintenance extends wishes for a speedy recovery to

Security 'Everybody's Business'—Talbot

Continued from Page 1

were dead for lack of power, our ability to produce would be cut to a minimum.

Industry Must Be Protected

"Faced with this danger, every one of us must do what he can to safeguard American industry.

"What can YOU do? You can take special care not to commit some negligent act that might cause a disaster. You can observe every safety regulation at the plant where you work; they are intended to protect you as well as your plant. Finally you can be alert as to what goes on around you. Don't let some subversive make a fool of you. If you notice anything that seems to threaten our national security, report it to the authorities. They'll know how to handle it.

"Above all, in times like these, be a good American. Remember that security is everybody's business, and that it is one business that makes a profit for everybody."

Carbide Scientist In Y-12 Area To Talk At Seminar

B. Cohen, a Carbide employee in the Y-12 Plant area, will deliver the final part of a two-part talk on "Nuclear Reaction Induced by Mev Protons" at the weekly meeting of the Oak Ridge Physics Seminar at 3:15 o'clock Friday afternoon, July 3. The meeting will be held in the auditorium of Bldg. 4500, Oak Ridge National Laboratory research building.

Joe Thomas, who was rushed to St. Mary's Hospital in Knoxville last week with an acute attack of appendicitis . . . Sympathy is extended to C. L. Steppe, whose father died June 25, in North Carolina . . . The department hopes that all the folks who are on vacation the next two weeks—wherever they are—are enjoying themselves.

Capt. Emmett Moore, of the Fire Department, is up in Virginia for a two-week training period with the Marine Reserve Training Corps . . . C. R. Wall has returned from a week's vacation in North Carolina . . . Capt. W. R. McGill is vacationing this week at home in Maryville.

Vena Mae Summitt, of the Cafeteria, is spending this week at home in Lenoir City . . . Rosa Lowe is off for a two-week vacation which she is spending around home in Clinton.

Well, they say it takes two to tango—so we're going to close up shop here and go out on the town. Goom-bye.

Safety rule says: "To roll a drum, push against its sides with the hands"—and all of the time we thought they used drum sticks!

Rides Wanted, Offered

Riders Wanted — From Maryville, Group No. 3. Ralph Etheridge, plant telephone 7092, home telephone 4-309-J, Maryville.

Car Pool Participants Wanted—From Lenoir City, straight day. H. Y. Voiles, plant telephone 7469, home telephone 1103-W, or 256-J, Lenoir City.

GRILLED BOLOGNA CUPS, HOT POTATO SALAD THURSDAY LUNCH SPECIAL

The entree for the Thursday Special Lunch at the Y-12 Cafeteria tomorrow, Thursday, July 2, will be grilled bologna cups with hot potato salad. The 50-cent lunch consists of the entree, one vegetable, choice of salad or dessert and rolls and butter.
